

Chipmunk Chatter 6/3/19

We've finally seen some sun this week! Which has brought out golfers! Carts are out, still cart path only! The course is drying out, work has been done on cart paths on 2, 5, and 7. The crew continues to work on drainage issues, especially on #4.....unfortunately, those pesky beavers won't listen to Greg and continue to build dams wherever they damn well please on the pond! The new carts arrived! 14 new Yamaha carts have been added to our fleet! These carts also enable us to use a Yamaha GPS app, "Yamatrack". This is a free app you can download to your phone! This gives you distance to bunkers, hazards, trees, etc., and gives you the distance to front, middle, or back pin positions on the greens. All of our carts now have plug in ports for your phone. Try out "Yamatrack" and let us know what you think!

Congratulations to Sherrie Thomas, from WMSGGA, who had a Hole-in-1 last week on #8!
