

It doesn't seem possible, we're into mid-July with a "heat wave" predicted for this week! Time flies when you're having fun....and we're all very lucky to be able to live and vacation in such a beautiful spot as mid coast Maine.

Work on the course irrigation system continues, Greg and the crew continue to look for the shut-off valves, though blueprints show where lines and valves should be, for whatever reason shut-off valves aren't always where they're supposed to be!! There are a couple of leaky sprinkler heads on the course which the crew is tackling this week, so be on the lookout for random sprinkler action! Hopefully getting wet on the course will be a welcome relief from the heat!

PGA Jr. League – The "Chippers" had their 1st match Sunday against Martindale Country Club. It was a great experience for our players to get out and play on a course with other young players. It gave coaches an opportunity to do some real time teaching about "pace of play" and "course etiquette". We won some matches, tied some, and lost some but we all had a fun time walking the course on a beautiful afternoon.

Social Scramble – "Hack Golf", have you ever wished the holes were bigger in golf? They are in this game! They just might not be where you expect them to be! Come join us Friday night, 7/19 @ 5:00pm, shotgun start. This event is open to the public - \$10 member/\$20 non-member.
